

Note that this corrected Brief Description of figure 8 is simply a shortened form of the material originally disclosed in specification paragraph [0116], which gives a longer description of figure 8. The relevant portions of paragraph [0116] are:

[0116]: *"FIG. 8. Here, a programming device, such as a personal computer (1) transmits data over a programming cable (2) to a programmable electronic time-temperature indicator (3)."*

If the Office of Patent Publication/Publishing Division or the examiner believes that a telephone conference would expedite prosecution of this application, please telephone the undersigned at (408) 348-1495.
